SECTION II - DELIVERY TERMS AND PASSING OF RISK AND PROPERTY

II.1 In the case of CFR and CIF deliveries (including CFR Outturn and CIF Outturn deliveries):

The Product shall be delivered by Seller to Buyer in bulk at the Loading Terminal and shipped by Seller CFR or CIF (as applicable) to the agreed destination.

Notwithstanding any right of Seller to retain the shipping documents until payment, risk and property in the Product and all liabilities with respect thereto shall pass to Buyer when the Product passes the flange connection between the delivery hose and the permanent hose connection of the Vessel at the Loading Terminal.

If the Product is sold or nominated to be sold afloat, then risk in the Product and all liabilities with respect thereto shall pass to Buyer as from the time the Product passes the flange connection between the delivery hose and the permanent hose connection of the Vessel at the Loading Terminal, and property in the Product shall pass to Buyer upon acceptance of the nomination of the Vessel by Buyer.

II.2 In the case of Ex Ship deliveries:

The Product shall be delivered by Seller to Buyer in bulk DES at the Discharge Terminal.

Risk and property in the Product and all liabilities with respect thereto shall pass to Buyer when the Product passes the permanent discharge manifold of the Vessel and the receiving hose at the Discharge Terminal.

Without limiting any other provision of the Agreement, any loss of, or damage to, the Product occurring before, during or after the discharge operations, which is caused by Buyer or the receiver of the Product or any of their respective contractors, agents or employees, or by the Discharge Terminal, shall be for the account of Buyer.

II.3 Notwithstanding anything elsewhere in the Agreement to the contrary, if Buyer fails to take delivery (in whole or in part) of any Shipment, such Shipment shall, at Seller's option, cease to be deliverable to Buyer under the Agreement and, in such event, such Shipment shall be deducted from the total quantity of Product to be delivered under the Agreement, without prejudice to any other rights or remedies that Seller may have against Buyer. In such case, Seller shall dispose freely of, and may sell or otherwise dispose of, such Shipment at its sole and absolute discretion. The provisions of this sub-section II.3 shall apply whether Buyer is to receive one, or more than one, Shipment hereunder.

II.4 If, under the Agreement, Buyer is to receive more than one Shipment, then, unless otherwise provided for in the Agreement:

- (a) each Shipment shall constitute a separate contract; and
- (b) such Shipments shall be evenly spread.

SECTION III - QUALITY AND PRODUCT COMPLIANCE AND DOCUMENTATION

III.1 Quality

THERE ARE NO REPRESENTATIONS, DUTIES (WHETHER IN NEGLIGENCE OR OTHERWISE), CONDITIONS, GUARANTEES, WARRANTIES OR TERMS, EXPRESS OR IMPLIED, WHETHER IMPLIED BY STATUTE OR OTHERWISE, AS TO THE DESCRIPTION OR SATISFACTORY QUALITY, MERCHANTABILITY, FITNESS OR SUITABILITY OF THE PRODUCT FOR ANY PURPOSE WHATSOEVER WHEN USED SINGULARLY OR IN COMBINATION WITH OTHER SUBSTANCES OR IN A PROCESS, OR OTHERWISE RELATING TO THE QUALITY OF THE PRODUCT, WHICH EXTEND BEYOND THE DESCRIPTION OF THE PRODUCT APPEARING IN THE AGREEMENT. SELLER EXPRESSLY DISCLAIMS ANY WARRANTY AGAINST INFRINGEMENT OF ANY PATENT, TRADEMARK OR COPYRIGHT.

III.2 Product Compliance and Documentation

- (a) Product sold hereunder shall be produced and delivered in full compliance with all applicable law. Notwithstanding sub-section IX.5, the failure of Product to conform to the requirements of applicable law shall excuse Buyer from further performance under the relevant transaction under the Agreement and shall entitle Buyer to return the Product to Seller or take such other steps as are reasonably necessary to comply with applicable law.
- (b) Seller and Buyer shall maintain appropriate records that demonstrate compliance with applicable law and industry standards. Each party also shall immediately notify the other party in writing of any violation or alleged violation with respect to the Product sold in a transaction under the Agreement and, upon reasonable request, shall provide the other with evidence of inspections or audits by any governmental agency with respect to such Product.
- (c) Gasoline and Alcohol Blends – For each delivery of gasoline and alcohol blends, Seller agrees to provide Buyer with a certificate of analysis, a bill of lading, a delivery ticket or a loading ticket that accurately represents the Product to be in compliance at the time of delivery and correctly stating the maximum Reid Vapor Pressure at the time of delivery.
- (d) Certified Distillate – When applicable, any Product that is designated by Seller as a diesel product shall be properly designated in accordance with the EPA Ultra-Low Sulfur Diesel Regulations, 40 C.F.R. § 80.500 et seq. (the “**ULSD Regulations**”), and upon transfer of custody of or title to such Product, Seller or its designee shall provide Buyer or Buyer’s designee with product transfer documents (“**PTD**”) meeting the requirements of the ULSD Regulations and shall comply with all recordkeeping and reporting requirements. If any Product is a previously uncertified distillate (meaning a distillate blendstock that has not previously been designated as diesel product in accordance with the ULSD Regulations), Seller represents, and Buyer acknowledges, that such Product has not been certified or designated as a diesel product in accordance with the ULSD Regulations. With respect to previously uncertified distillate, Buyer further acknowledges that it, or its consignee, is

responsible for compliance with the requirements of the ULSD Regulations and any other regulatory requirements related to producing or importing diesel, including but not limited to the Fuel and Fuel Additives Registration Program (40 C.F.R. Part 79) and the Renewable Fuel Standard Phase 2 (40 C.F.R. § 80.1400 et seq.).

- (e) Conventional Gasoline – If the Product sold in any Shipment under the Agreement is conventional gasoline, Buyer acknowledges that such Product does not meet the requirements for reformulated gasoline and may not be used in any reformulated gasoline-covered areas. Seller agrees to provide Buyer with all PTDS required by applicable law.
- (f) RBOB – Seller and Buyer shall comply with all federal, state and local regulations for reformulated gasoline and blendstocks, including but not limited to the provisions contained in 40 C.F.R. §§ 80.65 through 80.89, as may be revised or amended from time to time. Except to the extent exempt or modified pursuant to 40 C.F.R. § 80.81, Buyer agrees:
 - (i) that pursuant to 40 C.F.R. § 80.69(a)(5), the Product title may be transferred only to an oxygenate blender who is registered with the EPA as such, or to an intermediate owner with the restriction that the Product shall be transferred only to a registered oxygenate blender; and,
 - (ii) that pursuant to 40 C.F.R. § 80.69(a)(6), Buyer shall have a contract with the oxygenate blender, or a contract with an intermediate owner, that requires the intermediate owner to require the oxygenate blender to (or, if Buyer is the oxygenate blender, Buyer shall):
 1. blend Seller’s RBOB with oxygenate in accordance with Seller’s written instructions regarding the proper oxygenate type and amount of oxygenate;
 2. conduct quality assurance, sampling and testing as required in 40 C.F.R. Part 80;
 3. stop selling any gasoline found to not comply with the standards under which the RBOB was produced or imported;
 4. allow Seller to obtain samples of reformulated gasoline produced from Seller’s RBOB subsequent to the addition of oxygenate and prior to combining the resulting gasoline with any other gasoline in accordance with 40 C.F.R. Part 80; and,
 5. permit an independent surveyor to collect samples, and provide to an independent surveyor product transfer documents and other documents upon request, in accordance with the reformulated gasoline and RBOB survey requirements specified in 40 C.F.R. § 80.69(a)(11).
- (g) Octane Certification for Automotive Gasoline – In accordance with the U.S. Federal Trade Commission’s requirements for octane certification under the Petroleum Marketing Practices Act, Seller certifies the accuracy of the octane rating of any automotive gasoline described in the Special Terms and Conditions.

SECTION IV - INVOICING AND PAYMENT

- IV.1** The price of the Product and the due date for payment shall be as specified in the Special Terms and Conditions.

Payment of the full amount of Seller's invoice shall be made without any discount, deduction, withholding, abatement, set-off or counterclaim in U.S. Dollars (unless otherwise specified in the Special Terms and Conditions) by wire transfer of immediately available funds ("same day funds") on or before the due date (subject to sub-sections IV.3 and IV.6) to the bank and account designated by Seller, against presentation to Buyer by means of courier, facsimile transmission and/or electronic messaging system, of an invoice and the documents specified in Section X herein. Notwithstanding the foregoing, if transfer of Product is made by book, stock or inventory transfer, payment shall be due on the effective date of such transfer.

- IV.2** Unless otherwise agreed, the payment of any other costs, expenses or charges that arise under the terms of the Agreement shall be made against presentation of Seller's invoice and shall be for immediate settlement by Buyer on or by the date advised thereon.

Buyer's obligation to pay shall survive the term of the Agreement and shall not be deemed fulfilled for so long as the price of the Product and any other costs, expenses and charges have not been credited in full into Seller's bank account.

- IV.3** When the due date falls on a Saturday or on a weekday, other than a Monday, that is not a Working Day, then any such payment shall be made on the nearest preceding Working Day. When the due date falls on a Sunday or a Monday that is not a Working Day, then any such payment shall be made on the next following Working Day.

- IV.4** Any delay in effecting any payment by the due date shall entitle Seller to receive payment of interest for each day of delay at an annual rate (based on a 360-day year) equal to TWO (2) percentage points above the prime rate of interest effective for the payment due date as published in *The Wall Street Journal* under "Money Rates," such interest being in no circumstances to be construed as an agreement by Seller to provide extended credit, and is in addition to any other rights of Seller arising out of such delay.

In addition to any other rights of Seller, all expenses incurred by Seller, including but not limited to reasonable legal fees, court costs and collection agency fees, caused by delayed payment or non-payment by Buyer of the full amount of Seller's invoice for each Shipment shall be for the account of Buyer and payable upon demand with supporting documentation.

- IV.5** Where the pricing or quantity information available to Seller does not allow for the preparation of a final invoice, Seller may issue a provisional invoice, against which Buyer shall make payment. The provisional price or quantity shall, unless otherwise agreed between the parties, be based upon the pricing or quantity information available to Seller at the time it issues such provisional invoice. Payment of any balance due by either party shall be made immediately upon receipt of Seller's final invoice, which shall be prepared as soon as practicable after all the relevant information becomes available to Seller.

- IV.6** If security for payment by means of an irrevocable standby L/C is not already provided for in the Special Terms and Conditions, Seller shall be entitled at any time before the due date to demand payment to be secured by an irrevocable standby L/C or by payment in advance notwithstanding the method of payment as described in the Special Terms and Conditions.

Nothing in this sub-section IV.6 shall relieve Buyer of its obligation to pay the total price of each Shipment as and when due under the Agreement.

IV.7 When, under the Agreement, or as a consequence of the provisions of sub-section IV.6, payment is to be made by means of an irrevocable standby L/C, the following provisions shall apply unless otherwise specified in the Special Terms and Conditions:

- (a) the L/C shall be issued and/or confirmed by a bank and in a format both of which must be acceptable to Seller, not later than TEN (10) days prior to the Loading Date (or the first day of the Loading Dates), or on such other date and at such time as Seller may in writing require;
- (b) all fees, commissions, costs and expenses incurred with respect to such payment or L/C shall be borne by Buyer;
- (c) the L/C shall cover the value of the Shipment at the contract price (including, if applicable, any Taxes or duty) plus TEN (10) per cent and shall at all times be valid:
 - (i) in the case of CFR/CIF deliveries, for shipment THREE (3) days before the Loading Date and SEVEN (7) Working Days after the payment due date;
 - (ii) in the case of DES deliveries, for delivery THREE (3) days before the contractual delivery range and SEVEN (7) Working Days after the payment due date or, in the absence of such contractual delivery range, THREE (3) days before the estimated date of discharge and SEVEN (7) Working Days after the payment due date.

If at the time of executing the L/C the price of the Shipment is not fixed, the L/C shall be opened with sufficient value to cover the aggregate contractual volume plus TEN (10) per cent times the estimated price calculated in accordance with sub-section IV.5. If, after the price of a Shipment is fixed, the value of the L/C is not sufficient to cover the aggregate contractual volume plus TEN (10) per cent times the aggregate price, then Seller may request that Buyer amend the L/C with sufficient value not later than the next Working Day following the date on which Seller requests the amended L/C.

- (d) if for any reason the loading or discharge, as the case may be, of the Vessel will not take place within the period for such loading or discharge referred to in the L/C, Buyer shall either obtain an extension of such period or provide a new L/C in terms acceptable to Seller; and
- (e) no term of the L/C (nor any agreed amendment thereto) shall amend, alter, add to, or in any way affect the terms of the Agreement (or any of them) unless Seller and Buyer expressly agree in writing to amend the Agreement accordingly.

IV.8 It is a condition of the Agreement that Buyer complies with its payment obligations under the Agreement (including any obligation to provide security or a payment undertaking in the form specified by Seller as well as any and all obligations under this Section IV) within the time prescribed by Seller and/or by the Agreement. Any failure either in whole or in part by Buyer to comply with any such obligation shall be a breach of condition.

In addition to any other remedies that may be available to Seller, on the occurrence of such breach and for so long as such breach is continuing:

- (a) if the Product has been delivered to Buyer on board the Vessel, then, at Seller's option exercisable at any time by written notice of Seller to Buyer, title, but not risk, in the Product shall revert to and/or remain with Seller; and
- (b) in all cases, Seller may at any time by notice to Buyer, without prejudice to any other legal remedies Seller may have and without any liability whatsoever for any cost, loss or damage (including liabilities to third parties) incurred by Buyer, forthwith:
 - (i) cancel delivery of all or any Shipments; or
 - (ii) without prejudice to any other rights of Seller, withhold delivery of Product under the Agreement and/or release of shipping documents or LOI.

Seller may exercise the rights set out above whether or not nominations have been made or accepted and, if Seller exercises any such right, Seller shall be entitled to dispose freely of any resulting quantity of Product and Buyer shall be liable for, and indemnify Seller and/or Seller's Supplier for, any costs, losses and damages incurred by Seller and/or Seller's Supplier as a result of Buyer's breach.

IV.9 Seller may, in its sole discretion and upon notice to Buyer or its Credit Support Provider, if any, require that Buyer or its Credit Support Provider provide it with Adequate Assurance of Buyer's or its Credit Support Provider's ability to perform any of its obligations under the Agreement, under any guaranty or any credit support agreement, respectively, in an amount determined by Seller in a commercially reasonable manner. Unless Seller specifies a different time period, Buyer or its Credit Support Provider shall furnish Adequate Assurance within TWO (2) Working Days following receipt of Seller's written demand. If the security is cash, then Buyer shall deliver the cash to Seller as a deposit, which shall become the property of Seller once delivered.

IV.10 Subject to prior mutual agreement and the provisions of this Section IV, the parties may agree to net the invoice or invoices resulting from the Agreement with invoices resulting from other contracts between the parties for amounts due to each other on the same date. Prior to the due date, the parties shall confirm the invoice amounts and the amount remaining, if any, after netout. Any remaining balance shall be paid by the party owing such amount to the other party on the date the gross amounts are due. Any such netout shall be effective upon receipt of the balance due after netout to the party owed such balance. The parties expressly agree that netting of invoices shall strictly apply only to the amounts due from the sale and purchase of commodities between the parties. Netting of other invoices, including but not limited to quality and demurrage claims, is strictly prohibited unless such netting is expressly set forth in the Agreement or otherwise agreed in writing.

SECTION V - DESTINATION AND IMPORTER/EXPORTER OF RECORD

V.1 Buyer undertakes, and it is a condition of the Agreement, that the Product shall not:

- (a) be shipped directly or indirectly through; or
- (b) be disposed of, directly or indirectly and irrespective of means, by way of resale, exchange, loan or other arrangement for the supply of the Product to any buyer and/or receiver in,

any country that is subject to a prohibition by the governmental authorities of the country in which the Product has been produced or loaded or to any country or government to which

such shipment or disposal would constitute a violation of U.S. law applicable to Seller or Buyer.

If Buyer is, or is likely to be, prevented by any law, policy, demand or request to which Buyer is subject or any governmental policy, demand or request by which Buyer is bound, from complying with the above, Seller and Buyer shall meet and discuss the implications for Buyer and Seller and, pending resolution of any difficulty that such event causes or is likely to cause, Seller may at its discretion suspend in whole or in part supplies hereunder.

At any time, Seller may require Buyer to provide any relevant documents for the purpose of verifying the final destination of the Product, and Buyer undertakes to provide such documents upon request.

V.2 Buyer undertakes that the Product deliverable hereunder shall not:

- (a) be exported to any Restricted Jurisdiction (as defined below);
- (b) be sold or supplied to any natural or legal person in any Restricted Jurisdiction; or
- (c) be sold or supplied to any natural or legal person or entity for the purpose of any commercial activity carried out in or from any such Restricted Jurisdiction.

For the purposes of this sub-section V.2, “**Restricted Jurisdiction**” shall mean any country, state, territory or region against which there are economic sanctions imposed by the United Nations or the United States and any other economic sanctions to which Seller or the performance of the Agreement is subject as may be specified in the Special Terms and Conditions.

V.3 Should Buyer be in breach of any provisions of this Section V, Seller may at any time thereafter immediately terminate the Agreement, without being liable for any indemnity to Buyer.

Moreover, Buyer agrees to hold Seller harmless from, and indemnify Seller for, any losses, costs, damages, fines and/or penalties incurred by Seller resulting from any such breach.

V.4 The party that is the importer/exporter of record of the Products delivered under the Agreement agrees to fulfill all import/export arrangements and customs requirements applicable to the importer/exporter of record, including but not limited to, if shipping to/from the United States, those of the U.S. Customs and Border Protection and shall pay any applicable import/export duties, Taxes or other fees, and fines, penalties or costs related to the importing/exporting and unloading of the Shipment at the Discharge Terminal/loading of the Shipment at the Loading Terminal. The other party hereto agrees to provide all information required to enable the importer/exporter of record to fulfill its obligation in a timely manner. Unless otherwise agreed, the importer/exporter of record shall be entitled to any duty drawback rights.

Notwithstanding anything to the contrary contained in the Agreement, if the Product covered by this Agreement is to be exported from the United States, the “U.S. Principal Party in Interest” as defined by U.S. Customs and Border Protection or the U.S. Bureau of Industry and Security, shall be responsible for all documentation relevant to the exportation of the Product. The “U.S. Principal Party in Interest” shall pay any applicable Taxes or applicable fees, fines, penalties or costs associated with the exportation.

SECTION VI - VESSEL

VI.1 Contract of Carriage and Insurance

(a) In the case of CFR, CIF, CFR Outturn or CIF Outturn deliveries:

Seller shall provide carriage of the Product under bills of lading, which may incorporate charter party conditions.

(b) In the case of CFR or CFR Outturn deliveries:

The responsibility for securing cargo insurance on any Shipment, whether against marine, war or other risks, and the costs resulting therefrom shall rest wholly with Buyer.

(c) In the case of CIF or CIF Outturn deliveries:

Seller shall procure and pay for cargo insurance against marine risks for ONE HUNDRED AND TEN (110) per cent of the CIF value of the cargo. Such insurance shall: (i) operate from shore tank at the Loading Terminal to shore tank at the Discharge Terminal; (ii) be contracted with an insurance company of good repute; (iii) be in accordance with the minimum cover of the Institute Cargo Clauses (A) and the Institute War Clauses (cargo) (Institute of London Underwriters); and (iv) cover leakage and shortage subject to a deductible of ZERO POINT FIVE (0.5) per cent of the insured value.

(d) For all deliveries (CFR, CIF, CFR Outturn, CIF Outturn, Ex Ship):

(i) Any and all costs in respect of war risk insurance for the Vessel's hull and machinery or for cargo or both in respect of the voyages to any of the ports of loading or discharge or any seas through which the Vessel has to travel in the performance of the Agreement, in excess of those prevailing at the date the Agreement is entered into, including any additional insurance or war risk insurance premium, as well as crew war bonuses or any other bonuses relating to the Shipment, shall be solely for the account of Buyer.

(ii) Seller reserves the right to refuse at any time:

1. to direct any Vessel to undertake or to complete the voyage to the Loading Terminal or Discharge Terminal if such Vessel is required in the performance of the Agreement:

1.1 to transit or to proceed to or to remain in waters so that the Vessel concerned would be involved in a breach of any Institute Warranties (if applicable) or, in Seller's opinion, to risk its safety; or

1.2 to transit or to proceed or to remain in waters where there is war (de facto or de jure) or threat thereof; or

2. prior to the commencement of loading, to direct any Vessel to undertake the voyage to the intended Loading Terminal or Discharge Terminal if such Vessel is required in the performance of the terms of the Agreement to transit in waters that, in Seller's reasonably held opinion, would involve abnormal delay; or

3. to undertake any activity in furtherance of the voyage that in the opinion of the Vessel's master could place the Vessel, its cargo or its crew at risk.
- (iii) If Seller agrees to direct a Vessel to undertake or to complete a voyage as referred to in paragraph (ii) of this sub-section VI.1(d), Buyer undertakes to reimburse Seller, in addition to other amounts payable under the Agreement, for costs incurred by Seller in respect of any additional insurance premium (including those referred to in paragraph (i) of this sub-section VI.1(d)) and any other sums that Seller may be required to pay to the Vessel's owner, including but not limited to any sums in respect of any amounts deductible under such owner's insurance and any other costs and/or expenses incurred by Seller.

VI.2 Nomination of Vessel

Unless otherwise specified in the Special Terms and Conditions, Seller shall notify Buyer in writing as far in advance as practically possible of the Vessel's name and the pertinent characteristics of the Vessel, the quantity and grade of the Product to be delivered and, for CFR or CIF deliveries, the Loading Date(s) and Loading Terminal. Seller may mention "TBN" in place of the Vessel's name; in such a case, unless otherwise agreed, the Vessel's name and pertinent characteristics and the information described in this sub-section VI.2 shall be given by Seller to Buyer as soon as practicable.

VI.3 Substitution of Vessel

Seller may, at any time prior to discharge, substitute for a Vessel previously nominated another Vessel whose size, capacity, loading quantity and, if the price of the Product is determined by the bill of lading date, the bill of lading date itself, are equivalent to those of the Vessel originally nominated.

VI.4 Acceptance of Vessel

Unless otherwise specified in the Special Terms and Conditions, Buyer shall notify Seller in writing within TWENTY-FOUR (24) hours of any Vessel's nomination whether Buyer accepts or refuses such nomination; Buyer's acceptance not to be unreasonably withheld.

VI.5 Nomination of Discharge Terminal

Unless otherwise specified in the Special Terms and Conditions, Buyer shall within TWENTY-FOUR (24) hours after receipt of Seller's Vessel nomination notify Seller in writing of the Discharge Terminal and (in the case of CFR or CIF deliveries) full documentary instructions, including any instructions needed by Seller to issue documents in accordance with the regulations in force at the Loading Terminal (including but not limited to any export regulations). Any delay or costs (including but not limited to any demurrage incurred in respect of Seller's Vessel and any demurrage incurred by Seller or Seller's Supplier in respect of other Vessels waiting at the Loading Terminal) arising out of any failure by Buyer to comply with the foregoing shall be for Buyer's account. Seller shall have the right to issue its own instructions if such instructions are not so provided by Buyer. No change to the Discharge Terminal shall be made without Seller's prior consent.

Where under the Special Terms and Conditions Buyer has discharge port options, Buyer shall exercise any such discharge port options in accordance with the Special Terms and Conditions and the terms of the relevant charter party available to Seller. Whenever Buyer exercises such options, the price stated in the Special Terms and Conditions shall be adjusted by the freight differential calculated in accordance with the terms of such charter

party or as otherwise agreed between the parties. Buyer shall be liable for any additional costs incurred by Seller, including but not limited to any deviation costs and costs in respect of any additional bunker consumption.

In exercising its discharge port options, Buyer must take account of the dimensions and characteristics of the Vessel nominated by Seller.

VI.6 Part Cargoes

The discharge of part cargoes of Product shall be deemed to be accepted by Buyer.

VI.7 Requirements in respect of Vessel and Discharge Terminal

(a) For each Vessel specified in, or nominated under, the Agreement:

- (i) Seller warrants that the Vessel is owned or demise chartered throughout the entire period of the voyage to the Discharge Terminal by a member of the International Tanker Owners Pollution Federation Limited (ITOPF).
- (ii) Seller shall exercise reasonable efforts to ensure that:
 1. the Vessel carries on board a valid certificate of insurance as described in the International Convention on Civil Liability for Oil Pollution Damage (“CLC”), 1969 or, if in force, the 1992 Protocol thereto, as amended;
 2. the Vessel is entered in and shall remain (throughout the entire period of the voyage to the Discharge Terminal and up to discharge of the Product) in a P&I Club that is a member of the International Group of P&I Clubs;
 3. the Vessel has in place (throughout the entire period of the voyage to the Discharge Terminal and up to discharge of the Product) insurance cover for oil pollution in an amount of no less than the highest standard oil pollution cover available under the rules of the International Group of P&I Clubs; and
 4. the Vessel shall comply with the requirements of the International Safety Management (“ISM”) Code and has on board a valid ISM Code Safety Management Certificate for the Vessel and a copy of the Vessel Manager’s Document of Compliance as required by the ISM Code and SOLAS.
- (iii) Seller shall procure that:
 1. the Vessel shall comply with the requirements of the International Code for the Security of Ships and of Port Facilities (“ISPS Code”) and the relevant amendments to chapter XI of SOLAS or, if the Discharge Terminal is located within the United States, with the U.S. Maritime Transportation Security Act 2002 (“MTSA”) and shall have on board a valid International Ship Security Certificate as well as any other required valid certificates and documents, issued pursuant to the ISPS Code as well as, if applicable, the MTSA; and
 2. the Vessel shall when required submit a declaration of security to the appropriate authorities prior to arrival at the Discharge Terminal.

- (b) Notwithstanding any prior acceptance of the Vessel by Buyer, if at any time the Vessel fails to comply with any of the requirements set out in sub-section VI.7(a) above, then: (i) Buyer may at any time refuse to berth or discharge or continue to discharge the Vessel and all time lost or spent as a result thereof shall not count as used laytime, or if the Vessel is on demurrage, as demurrage; and (ii) Seller shall be obliged to substitute the Vessel with a Vessel whose size and capacity are equivalent to those of the Vessel originally nominated and complying with such requirements.
- (c) Buyer shall procure that the Discharge Terminal shall comply with the requirements of the ISPS Code and, if the Discharge Terminal is in the United States, with the MTSA.

Any costs or expenses in respect of the Vessel, including demurrage or any additional charge, fee or duty levied on the Vessel at the Discharge Terminal and actually incurred by Seller resulting directly from the failure of the Discharge Terminal to comply with the ISPS Code or the MTSA (if applicable), shall be for the account of Buyer, including but not limited to the time required or costs incurred by the Vessel in taking any action or any special or additional security measures required by the ISPS Code or the MTSA.

Save where the Vessel has failed to comply with the requirements of the ISPS Code or the MTSA (if applicable), Buyer shall be responsible for any demurrage actually incurred by Seller arising from delay to the Vessel at the Discharge Terminal resulting directly from the Vessel being required by the Discharge Terminal operator, the port authority or any relevant authority to take any action or any special or additional security measures or undergo additional inspections by virtue of the Vessel's previous ports of call.

Buyer's liability to Seller under the Agreement for any costs, losses or expenses incurred by the Vessel, the charterers or the Vessel owners resulting from the failure of the Discharge Terminal to comply with the ISPS Code or the MTSA (as applicable) shall be limited to the payment of demurrage and costs actually incurred by Seller in accordance with the provisions of this sub-section VI.7(c).

SECTION VII - ARRIVAL AND DISCHARGE OF VESSEL AT THE DISCHARGE TERMINAL

- VII.1** For CFR or CIF deliveries, as soon as practicable after receipt of such information by Seller after the loading has been completed, Seller shall notify Buyer of the loaded quantities of Product together with the ETA of the Vessel at the Discharge Terminal (or port specified by Buyer as destination for orders), and thereafter Seller will keep Buyer updated of changes to the ETA at the Discharge Terminal or destination for orders as soon as practicable after Seller receives such information. For Ex Ship deliveries, Seller shall notify Buyer of the ETA of the Vessel at the Discharge Terminal, and thereafter Seller will keep Buyer updated of changes to the ETA at the Discharge Terminal as soon as practicable after Seller receives such information.
- VII.2** For the discharge of each Vessel hereunder, Buyer shall provide to Seller, free of charge, a berth suitable for discharging the Product that the Vessel nominated can, when fully laden, safely: reach on arrival, lie thereat and leave.

Buyer may require Seller to shift a Vessel at the Discharge Terminal from one safe berth to another safe berth and shall assume all risks and payment of all costs in connection therewith. Time used for shifting berth shall count as used laytime and, if on demurrage, as demurrage.

It is agreed that the Vessel shall not be compelled to lighter for the purpose of discharging at the Discharge Terminal. However, should any lightering be undertaken at the request of Buyer and such lightering is approved by Seller, the expenses and risks thereof shall be for Buyer's account and Buyer shall be liable to Seller in respect of any losses, costs, damages and proceedings arising therefrom and shall indemnify Seller in respect thereof. Any time spent or lost in such lightering, including additional steaming and/or any waiting time (weather or sea conditions permitting or not) shall count in full as used laytime or, if on demurrage, as demurrage, subject to sub-section VIII.4(b) but notwithstanding the other exceptions set out in sub-section VIII.4. Buyer shall ensure that any ship-to-ship cargo operations, including lightering, conform to standards not less than those set out in the latest ICS/OCIMF ship-to-ship transfer guides. The lightering Vessel shall be subject to Seller's prior acceptance.

Buyer shall arrange for each Vessel to be discharged as expeditiously as possible. Buyer shall at all material times and at its own expense provide and maintain or cause to be provided and maintained in good working order all necessary flexible hoses, connections, pipelines, tankage facilities and other accommodation for discharging the Vessel.

VII.3 In case of CFR and CIF deliveries, all taxes, duties, imposts, fees, charges and dues (including, without limitation, pilotage, mooring, towage expenses and quay dues) in respect of the Vessel incurred at the Discharge Terminal, other than those that are for the account of the Vessel's owner according to Worldscale, shall be for the account of Buyer.

In case of Ex Ship deliveries, all taxes, duties, imposts, fees, charges and dues (including, without limitation, pilotage, mooring, towage expenses and quay dues) in respect of the Vessel incurred at the Discharge Terminal shall be for the account of Seller.

VII.4 Save as otherwise provided under sub-section V.4, Buyer shall likewise assume and be responsible for payment of any Taxes, duties, imposts, fees, charges and dues of every description imposed or levied by any governmental, local or port authority on, or applicable, attributable or related to, the Product or its export, delivery, transportation, ownership, sale or use, in respect of any stage after the risk in such Product has passed to Buyer and/or arising in the country of importation, and the amount of the same shall be for the account of Buyer.

VII.5 The Vessel shall vacate her berth as soon as discharging of Shipment and ballasting have been completed, provided the Vessel can safely do so.

SECTION VIII - LAYTIME AND DEMURRAGE

VIII.1 Upon arrival at the Discharge Terminal, the master or his representative shall tender NOR to Buyer or Buyer's representative, berth or no berth.

VIII.2 The time allowed to Buyer for discharging each Vessel shall be THIRTY-SIX (36) running hours or, if different, the time set out in the Special Terms and Conditions, pro rata for part cargoes (i.e. based on that proportion of such time that the Shipment bears to the total

quantity of cargo loaded on the Vessel at the loading port or ports), Sundays, holidays and nights included.

VIII.3 Running hours shall commence:

- (a) berth or no berth, SIX (6) hours after NOR is tendered at the Discharge Terminal by Vessel to Buyer or its representative; or
- (b) upon the completion of berthing of the Vessel when Vessel is all fast, if this occurs less than SIX (6) hours after tendering NOR at the Discharge Terminal.

Laytime or, if on demurrage, demurrage shall end when the delivery hoses are disconnected after completion of discharging or, if the Vessel's departure is delayed for Buyer's purposes, until the termination of such delay.

VIII.4 Any time spent and/or lost due to any of the following events (together with any of the events described in VI.7(b), VIII.5 and in Appendix 2, Part B, VI.6(b) and Part D, VIII.1(b) to the extent so specified in such section) shall not count as used laytime or, if on demurrage, as demurrage:

- (a) the inward passage to the discharge berth;
- (b) any delay due to fault, failure or inefficiency of the Vessel; and
- (c) handling of ballast or slops when not concurrent with discharge operations.

VIII.5 Seller warrants that the Vessel shall be capable of discharging her full cargo within TWENTY-FOUR (24) hours from commencement of pumping, pro rata for part cargo, or that the Vessel shall maintain an average of discharge pressure at each Vessel's manifold in use of ONE HUNDRED (100) psi (7 bar), provided that reception facilities are capable of the same and the reception facilities' instructions so permit.

The above warranty excludes time associated with internal draining/stripping (for which maximum TWO (2) hours per grade of Product are allowed).

Any delay due to the inability of the Vessel to fulfill the above warranty shall not count against laytime or, if the Vessel is on demurrage, as demurrage.

VIII.6 If the Shipment is not discharged within the allowed laytime in the Agreement, Buyer shall pay to Seller demurrage in U.S. Dollars per running hour and pro rata for a part thereof for all time used in excess of the allowed laytime.

The applicable demurrage rate shall be (in order of priority):

- (a) the demurrage rate specified in the Special Terms and Conditions; or, in the absence of such rate,
- (b) the demurrage rate per day (or pro rata for part of a day) provided for in the charter party (or overtime rate/additional freight rate if a contract of affreightment) entered into regarding the carriage of the Product hereunder; or, in the absence of such rate,
- (c) the demurrage rate per day, as published in Worldscale and corrected by AFRA, which applies for a Vessel of the same type, size and capacity.

- VIII.7** It is agreed that Buyer's obligation as to laytime and liability as to demurrage shall be absolute and not be subject to qualification by the provisions of Section XII. However, if demurrage shall be incurred at the Discharge Terminal by reason of fire, explosion, or by a strike, lockout, stoppage or restraint of labor or by breakdown of machinery or equipment in or about the receiving facilities of Buyer or its consignee, then, to the extent that a similar provision is in force in the charter party for the Vessel, such demurrage shall be calculated at one-half the rate stipulated above (but only to the extent that such conditions were not caused by the fault or neglect of Buyer, its consignee or the receiving facilities and Seller may benefit from such provision under the Charter party of the Vessel).

SECTION IX - QUANTITY AND QUALITY DETERMINATION

IX.1 In the case of CFR and CIF deliveries:

- (a) The quantity and quality of the Product delivered at the Loading Terminal under the Agreement shall be determined for each Shipment in accordance with the standard practice in use at the Loading Terminal at the time of loading save if otherwise provided for specifically in the Special Terms and Conditions.
- (b) The quantity of Product determined pursuant to sub-section IX.1(a) above (or, where applicable, the Special Terms and Conditions) shall be inserted in the certificate of quantity and bill of lading for the cargo as per the standard practice in use at the Loading Terminal at the time of loading and that quantity shall be used to calculate Seller's invoice.
- (c) Where the Special Terms and Conditions provide for the appointment of an independent inspector at the Loading Terminal, the quantity and/or the quality of the Product as ascertained or witnessed by such independent inspector shall, except in case of fraud or manifest error, be final and binding on both parties. Unless otherwise provided for in the Special Terms and Conditions, the cost of services of the inspector shall be borne equally by both parties.
- (d) Where the Shipment is delivered as an unsegregated part cargo lot, the quantity determined above shall be adjusted following completion of discharge of all relevant part cargo lots in order that each of Buyer and the receiver(s) of the other lot(s) shall be allocated a percentage of the total quantity loaded equal to that percentage of the total outturn quantity corresponding to its outturn quantity of Product.

IX.2 In the case of CFR Outturn and CIF Outturn deliveries:

- (a) The quantity and quality of the Product delivered at the Loading Terminal under the Agreement shall be determined for each Shipment in accordance with the standard practice in use at the Loading Terminal at the time of loading save if otherwise provided for specifically in the Special Terms and Conditions.
- (b) The quantity of the Product delivered at the Discharge Terminal shall be determined for each Shipment in accordance with the latest applicable approved measurement methods (at the time of measurement) in use at the Terminal as published by the American Petroleum Institute ("API") in the Manual of Petroleum Measurement Standards ("MPMS"), or as published by ASTM at the Discharge Terminal at the time of discharge save if otherwise provided for specifically in the Special Terms and Conditions. A mutually agreed independent inspector will be appointed at the Discharge Terminal to ascertain or witness such quantity determination. Buyer shall

ensure that the independent inspector shall have full access to the facilities at the Discharge Terminal to perform his duties. Unless otherwise provided for in the Special Terms and Conditions, the cost of services of the inspector shall be borne equally by both parties.

- (c) The quantity of Product determined pursuant to sub-section IX.2(a) above (or, where applicable, the Special Terms and Conditions) shall be inserted in the certificate of quantity and bill of lading for the cargo as per the standard practice in use at the Loading Terminal at the time of loading and that quantity shall be used to calculate Seller's invoice. Seller's invoice shall subsequently be adjusted in accordance with the quantity reported by the independent inspector at the Discharge Terminal.
- (d) Where the Special Terms and Conditions provide for the appointment of an independent inspector at the Loading Terminal, the cost of services of the inspector shall be borne equally by both parties (unless otherwise provided for in the Special Terms and Conditions).
- (e) Notwithstanding the provisions of this sub-section IX.2, Seller shall have the right to submit a claim to Buyer where there is a difference between the quantity loaded and discharged by Seller's Vessel and where in Seller's reasonable opinion, the most likely cause of such difference is due to events or the nature of operations at the Discharge Terminal during the discharge of the Product.
- (f) If the quantity discharged and determined in accordance with the provisions of sub-section IX.2(b) is less than the bill of lading quantity, Seller shall be entitled to retain the bills of lading and (in the case of a CIF Outturn sale) the certificate of insurance. In circumstances where the bills of lading and/or the certificate of insurance have already been passed on to Buyer, Buyer shall forthwith upon Seller's request endorse the bills of lading to the order of Seller and pass the above documents back to Seller. In the event that, as a result of the shortage, any proceedings are brought by Seller against the carrier under the bills of lading, Seller will, at the request of Buyer, join into such action any claim against the carrier relating to quality of the cargo (a "Quality Claim"), provided that Buyer shall indemnify Seller and, if requested, provide security to Seller, against all costs and liabilities incurred as a result of, or in connection with, the Quality Claim. If, for whatever reason, Seller resolves not to commence any proceedings against the carrier, Seller shall then be obliged to pass the bills of lading on to Buyer.

IX.3 In the case of Ex Ship deliveries:

- (a) The quantity and quality of the Product delivered at the Discharge Terminal under the Agreement shall be determined for each Shipment in accordance with the latest applicable approved measurement methods (at the time of measurement) in use at the Terminal as published by the API in the MPMS, or as published by ASTM, save if otherwise provided for specifically in the Special Terms and Conditions.
- (b) A mutually agreed independent inspector will be appointed at the Discharge Terminal to ascertain or witness the determination of the quantity and the quality of the Product. Unless otherwise provided for in the Special Terms and Conditions, the cost of services of the inspector shall be borne equally by both parties.
- (c) For the purpose of quality determination, the independent inspector will draw representative ship's composite samples prior to commencement of discharge of the

Vessel. Notwithstanding any other term of the Agreement, no other sample taken at the Discharge Terminal shall be used for the purposes of determining the quality of the Product delivered.

- (d) Unless otherwise provided for in the Special Terms and Conditions, the quantity of Product reported by the independent inspector at the Discharge Terminal shall be used to calculate Seller's invoice.

IX.4 In no event shall Seller be liable for any claim regarding the quantity and/or quality of any Shipment, unless such claim has been submitted by Buyer to Seller in writing, with full details of the specific facts on which the claim is based and supporting documentation, within THIRTY (30) days of the date of completion of discharge or SIXTY (60) days of the date of the relevant bill of lading, whichever is the earlier, or within such lesser number of days as imposed by Seller's Supplier.

Should Buyer fail to submit such claim or provide such details and/or any supporting documentation within the above time limit, then such claim shall be deemed to have been waived and any liability on the part of Seller shall be extinguished.

Buyer shall be entitled to recover quantity and/or quality costs, losses or damages from Seller only to the extent that Seller is able to recover, and does recover, such costs, losses or damages from Seller's Supplier, and Seller shall not be obliged to pay any amount to Buyer in excess thereof. Seller shall, however, use reasonable endeavors to recover from Seller's Supplier such costs, losses or damages for which Buyer has presented a claim in accordance herewith.

IX.5 Buyer shall have no right to reject any Product hereunder because it does not meet any minimum specifications set forth in the Special Terms and Conditions or for any other reason related to quality. Subject to sub-section IX.4 and sub-section XXII.3 hereunder, Buyer's exclusive remedy with respect to any material difference in the quality of any Shipment compared with the minimum specifications of the Product set forth in the Agreement, shall be a quality adjustment payment due from Seller calculated in accordance with normal industry practice for any such material difference between the specification of the Product and the minimum quality specification.

SECTION X - DOCUMENTS

X.1 In the case of CFR deliveries:

Except as provided in the Special Terms and Conditions, Seller shall deliver to Buyer:

- (a) an invoice, which may be by facsimile transmission or electronic messaging system (provisional invoice acceptable where the provisions of sub-section IV.5 apply);
- (b) original bills of lading issued or endorsed to the order of Buyer; and
- (c) original certificates of quantity, quality and origin (or equivalent documents issued at the Loading Terminal).

X.2 In the case of CIF deliveries:

Except as provided in the Special Terms and Conditions, Seller shall deliver to Buyer the documents referred to in sub-section X.1 and an original certificate of insurance.

X.3 In the case of CFR Outturn or CIF Outturn deliveries:

Except as provided in the Special Terms and Conditions, Seller shall deliver the documents as referred to in sub-section X.1, and, in the case of CIF Outturn deliveries, the document referred to in sub-section X.2, as well as a copy of the independent inspector's report at the Discharge Terminal.

X.4 In the case of Ex Ship deliveries:

Except as provided in the Special Terms and Conditions, Seller shall deliver a copy of the independent inspector's report at the Discharge Terminal and Seller's invoice, which may be by facsimile transmission or electronic messaging system (provisional invoice acceptable where the provisions of sub-section IV.5 apply).

X.5 Notwithstanding any other term of the Agreement, in the event that the original bills of lading or other contractual shipping documents specified in sub-section X.1, X.2 or X.3 are not delivered to Buyer on or before the due date for payment, Buyer undertakes to pay Seller upon presentation, by means of courier, facsimile transmission or electronic messaging system, of an invoice and of Seller's LOI substantially in the form set out in Appendix 1.

SECTION XI - NEW OR CHANGED REGULATIONS

XI.1 For the purpose of this Section XI, the term "**Regulations**" shall mean the laws, rules, regulations, decrees of, and the agreements, concessions and arrangements with, government(s), or any agency, instrumentality, authority or entity established or controlled by government(s), or any person purporting to act therefor, in effect on the date the Agreement is entered into, in respect of, or directly or indirectly affecting, the Product, including, but without limitation, the production, acquisition, gathering, selling, transportation, supply and delivery thereof insofar as such Regulations affect Seller or Seller's Supplier.

XI.2 If, at any time after the date of Seller's offer or from time to time during the term of the Agreement, any of such Regulations are changed or new Regulations become effective whether by law, decree or regulation or in response to the insistence or request of any government or any agency, instrumentality, authority or entity established or controlled by government(s) or any person purporting to act therefor and the effect of such new or changed Regulations:

- (a) is not covered by any other provision of the Agreement; and
- (b) has an adverse economic effect upon Seller and/or Seller's Supplier,

then Seller shall have the option to request renegotiation of the terms and conditions provided for in the Agreement. Such option may be exercised by written notice from Seller to Buyer at any time after such new or changed Regulations are published.

Such notice shall contain the effective date of such new or changed Regulations and the terms and conditions under which Seller is prepared to continue delivering the Product under the Agreement.

If the parties do not reach agreement within FIFTEEN (15) days after the date of Seller's renegotiation request, Seller shall have the right to terminate the Agreement, without any

liability whatsoever, by giving to Buyer at least FIFTEEN (15) days' prior written notice thereof.

Any Product that is loaded after receipt of Seller's renegotiation request or after the effective date of the new or changed Regulations (whichever is the later) and prior to termination as provided for herein shall be sold and purchased under the terms and conditions specified by Seller in its renegotiation request to Buyer. However, upon receipt of Seller's request, Buyer has the right by written notice to Seller to refuse the loading of any Shipment.

SECTION XII - EXCEPTIONS - FORCE MAJEURE

XII.1 Neither party shall be deemed in breach of the Agreement as a result of, or be liable to the other for, any failure, omission or delay in its performance in whole or in part of any of the terms or conditions of the Agreement (except in relation to obligations to make payments or provide security for payment under the Agreement) if such failure, omission or delay arises or results from any cause whether foreseeable or unforeseeable reasonably beyond, or to be treated as reasonably beyond, the control of that party (any such event being hereinafter referred to as "**Force Majeure**").

XII.2 For the purposes of this Section XII, and without limitation to the generality of sub-section XII.1, a cause shall be treated as being reasonably beyond the control of Seller if it arises or results from, or in connection with:

- (a) compliance, voluntary or involuntary, with a direction or request of any international, national, port, transportation, local government or other authority or person purporting to act with such authority; or
- (b) any natural calamity, earthquake, storm, flood, fire, explosion or other Act of God; or
- (c) any war, hostilities declared or undeclared, embargo, blockade, riots, terrorism, civil unrest and any consequence thereof; or
- (d) any strike, lockout, stoppage, restraint of work or other labor difficulty from whatever cause arising, even in the event that the same could be settled by acceding to the demands of a labor group; or
- (e) any curtailment of, hindrance to, interference with, or delay to the availability, delivery or transportation of:
 - (i) the Product or the grade of petroleum product deliverable under the Agreement; or
 - (ii) any crude oil or petroleum product, whether or not of the grade to be delivered under the Agreement, if this results in insufficient petroleum product being available to Seller on a regular and reliable basis to enable it, or renders it clearly uneconomic for Seller, to supply its Affiliates with both their reasonable and notified requirements for petroleum product and to supply fully its other purchasers of petroleum product; or
 - (iii) any petroleum product, whether or not of the grade to be delivered under the Agreement, as a result of Seller's actions based on, or arising in connection with, compliance with a request to, or requirement of, a relevant government, made by, or through, the International Energy Agency;

from any one or part of Seller's sources or its anticipated sources of supply in whatever country situated (whether or not such source is a source or anticipated source for the purposes of the Agreement or such country is referred to in the Agreement).

For the purposes of this sub-section XII.2, the availability to Seller on the spot market of any quantity of crude oil or petroleum product, whether or not of the grade deliverable under the Agreement, shall not be taken into account in determining whether or not a Force Majeure event has occurred.

XII.3 If any Force Majeure event occurs, then at any time thereafter and for so long as the effect of that event continues, Seller shall be entitled to withhold, suspend, reduce or cancel delivery hereunder to such extent as Seller shall in its absolute discretion determine. For the avoidance of doubt, in a Force Majeure event, Seller has absolute discretion to determine which of the demands for crude oil or petroleum product on Seller, including from its Affiliates, it meets first, and the extent to which it meets each such demand.

In such event, Seller shall not be bound to acquire by purchase or otherwise additional quantities of petroleum products from any sources or anticipated sources of supply or other suppliers to satisfy Buyer's requirements hereunder. However, should Seller purchase or otherwise acquire additional petroleum products, Seller shall not be required to allocate any to Buyer.

XII.4 Prompt written notice of any event of Force Majeure and, so far as possible, of its extent and anticipated duration shall be given by the party so affected. That party shall also give prompt written notice when the effects of the Force Majeure event come to an end.

XII.5 If any failure, omission or delay in performance in relation to a Shipment under this Section XII continues for more than THIRTY (30) consecutive days after the day the notice of Force Majeure has been sent, then either party shall be entitled after said duration to cancel delivery of the Shipment(s) affected by the event of Force Majeure by written notice to the other party without any liability on either side save that such cancellation shall be without prejudice to any other accrued rights and (if applicable) to other deliveries under the Agreement. Performance under the Agreement shall resume to the extent made possible by the end of the effects of the Force Majeure event pursuant to this Section XII.

XII.6 Where, under the Agreement, Buyer is to receive more than one Shipment:

- (a) no withholding, suspension, delay, reduction or cancellation of delivery shall operate to extend the duration of the Agreement; and
- (b) any quantities of Product deliverable under the Agreement that would, but for any reduction or cancellation pursuant to this Section XII, have been delivered during the period of the Agreement shall cease to be deliverable by Seller.

SECTION XIII - DEFAULT AND TERMINATION

XIII.1 (a) An "Event of Default" shall be deemed to occur upon one or more of the following events:

- (i) Buyer fails to make payment when due under the Agreement within ONE (1) Working Day following receipt of the other party's demand for payment.

- (ii) Buyer: (1) fails to take receipt, during a period or at an agreed date, of any quantity of Product as provided for in the Agreement; or (2) breaches any representation, covenant or warranty in any material respect under the Agreement that, if capable of being cured, is not cured to the satisfaction of Seller in its sole discretion, within FIVE (5) Working Days following receipt of notice of Seller that corrective action is needed.
 - (iii) Either party, or Buyer's Credit Support Provider, if any, files a petition or otherwise commences or authorizes the commencement of a proceeding or case under any bankruptcy, reorganization or similar law for the protection of creditors or relief of debtors or has any such petition filed or proceeding commenced against it, or otherwise becomes bankrupt or insolvent (however evidenced), or is unable to pay its debts as such debts become due.
 - (iv) A Designated Event occurs with respect to a party, Buyer's Credit Support Provider, and the creditworthiness of the party or Buyer's Credit Support Provider or, if applicable, the successor, surviving or transferee entity of such party or Buyer's Credit Support Provider (as applicable) is materially weaker than that of the party or Buyer's Credit Support Provider immediately prior to such Designated Event.
- (b) If an Event of Default occurs in respect of Buyer, then, notwithstanding any other provision of the Agreement to the contrary, including any provision of Section XIV below, Seller shall be free to assign to any third party any and all of Seller's rights under the Agreement, whether present or future, actual or contingent, including, without limitation:
- (i) any and all rights to require the due and punctual observance, discharge and performance by Buyer of all its obligations and liabilities under the Agreement;
 - (ii) all rights to moneys received or receivable by Seller from Buyer under the Agreement, whether as a payment, compensation, damages or an indemnity; and
 - (iii) the right to claim for any sums payable or that become payable under the Agreement.
- XIII.2** (a) Upon an Event of Default with respect to a party ("**Defaulting Party**"), the other party ("**Performing Party**") may, in addition to any other rights it may have, whether by agreement, operation of law or otherwise, withhold or suspend performance under the Agreement and/or, upon ONE (1) Working Day's notice (which shall not be required for an Event of Default described in clause XIII.1(a)(iii)) to the Defaulting Party, immediately terminate, liquidate and accelerate all transactions under the Agreement. The Performing Party shall notify the Defaulting Party of the date ("**Early Termination Date**") on which all such transactions shall terminate and shall calculate the final amount due between the parties ("**Termination Payment**") as of the Early Termination Date by closing out all transactions at an amount equal to the difference between the then prevailing market value and the value specified in the Special Terms and Conditions, determining any damages or costs resulting from such early termination, and netting or aggregating the foregoing into a single amount. The Performing Party shall notify the Defaulting Party of the termination payment due to or from the Defaulting Party, which shall be paid within ONE (1) Working Day after delivery or receipt of the calculation, as applicable.

- (b) If the Performing Party elects to designate an Early Termination Date under sub-section XIII.2(a), if Seller is the Performing Party, upon the occurrence and continuance of an Event of Default in respect of Buyer, the Performing Party shall be entitled, at its option and in its discretion (and without prior notice to the Defaulting Party), to set off any or all amounts that the Defaulting Party owes to the Performing Party or any of its Affiliates under any agreements between the Defaulting Party and the Performing Party (whether or not arising under the Agreement, matured or contingent and irrespective of the currency, place of payment or place of booking of the obligation) against any amounts payable by the Defaulting Party to the Performing Party or any of its Affiliates under any agreements between the Defaulting Party and the Performing Party (whether or not arising under the Agreement, matured or contingent and irrespective of the currency, place of payment or place of booking of the obligation); provided that any amount not then due that is included in such set-off shall be discounted to present value as at the time of set-off (to take account of the period between the date of set-off and the date on which such amount would have otherwise been due). For this purpose, any amounts may be converted by the Performing Party into the currency in which the other is denominated at the rate of exchange at which the Performing Party would be able, acting in a reasonable manner and in good faith, to purchase the relevant amount of such currency. If an obligation is unascertained, the Performing Party may, in good faith, estimate that obligation and set off in respect of the estimate, subject to the relevant party accounting to the other when the obligation is ascertained. To the extent that any amounts are so set off, those amounts will be discharged promptly and in all respects. The Performing Party will give notice to the other party of any set-off effected under this sub-section XIII.2(b).
- (c) The Performing Party's rights under this sub-section XIII.2 are in addition to, and not in limitation or exclusion of, any other rights of set-off, recoupment, combination of accounts, lien or other right that it may have, whether by agreement, operation of law or otherwise. No delay or failure on the part of a Performing Party to exercise any right or remedy shall constitute an abandonment of such right or remedy and the Performing Party shall be entitled to exercise such right or remedy at any time after an Event of Default has occurred and is continuing. The Defaulting Party shall reimburse the Performing Party for its costs and expenses, including reasonable attorneys' fees, incurred in connection with the enforcement of, suing for or collecting any amounts payable by the Defaulting Party under the Agreement. However, neither Buyer nor Seller shall be required, as a result of the Agreement, to participate in, or co-operate with, any boycott, or to take any related action that would violate the provisions of any applicable law or result in penalties of any kind under such law.

Notwithstanding anything to the contrary herein, nothing in the Agreement is intended, and nothing herein should be interpreted or construed, to induce or require either party hereto to act in any manner (including failing to take any actions in connection with a transaction under the Agreement) that is inconsistent with, penalized or prohibited under any applicable law, including any U.S. laws, regulations or rules or requirements applicable to such party that relate to foreign trade controls, export controls, embargoes or international boycotts of any type.

XXII.3 EXCEPT AS EXPRESSLY PROVIDED FOR IN THE AGREEMENT, NEITHER SELLER NOR BUYER SHALL IN ANY EVENT, INCLUDING BUT NOT LIMITED TO ANY NEGLIGENT ACT OR OMISSION ON ITS PART, BE LIABLE IN CONTRACT, TORT, BREACH OF STATUTORY DUTY OR OTHERWISE, IN RESPECT OF ANY CONSEQUENTIAL, INDIRECT OR SPECIAL LOSSES, EXPENSES OR DAMAGES OF ANY KIND, ARISING OUT OF, OR IN ANY WAY CONNECTED WITH, THE CONCLUSION, THE PERFORMANCE, THE FAILURE TO PERFORM OR THE TERMINATION OF THE AGREEMENT. IN ADDITION, SELLER SHALL IN NO CIRCUMSTANCES BE LIABLE FOR MORE THAN THE DIFFERENCE BETWEEN THE MARKET PRICE AND THE CONTRACT PRICE WITH RESPECT TO THE RELEVANT QUANTITY OF PRODUCT, NOR BE LIABLE FOR ANY LOSS OF PROFIT OR ANTICIPATED PROFIT, USE, GOODWILL, BUSINESS RECEIPTS, CONTRACTS OR COMMERCIAL OPPORTUNITIES, MARKET REPUTATION, COST OF OVERHEADS THROWN AWAY OR LOSS RESULTING FROM SHUT-DOWN OF ANY PLANT OF BUYER OR OF THE RECEIVER OF THE PRODUCT, WHETHER OR NOT FORESEEABLE. EACH PARTY ACKNOWLEDGES THE DUTY TO MITIGATE DAMAGES.

Without prejudice to the provisions of sub-section IX.4 above, any claim of Buyer shall be deemed to be waived and any liability of Seller shall be extinguished unless a claim accompanied with evidence fully supporting the claim is received by Seller within ONE (1) year after the date of the occurrence giving rise to the claim.

XXII.4 Buyer agrees to indemnify, defend and hold Seller and its Affiliates harmless from liability for any and all demands or claims arising from injuries sustained or damages suffered following the passage of risk and property in the Product as hereinabove provided, and that may arise in connection with the transportation, use or handling of any Product or admixture thereof, whether delivery is made to Buyer, its assigns or nominees.

XXII.5 For the avoidance of doubt, any repetition in the Special Terms and Conditions of any section or sub-section of these General Terms and Conditions or any part of the same shall be for emphasis only and shall not, by reason of such repetition, exclude any other provision of these General Terms and Conditions.

XXII.6 The Special Terms and Conditions and these General Terms and Conditions together form the entire agreement between the parties, and no additional terms, conditions, representations or warranties shall be incorporated into the Agreement in the absence of express written consent of each party. In the event of a conflict between the terms of the Special Terms and Conditions and these General Terms and Conditions, the Special Terms and Conditions shall prevail.

XXII.7 Where not used to identify the provisions applicable to each type of delivery (e.g. CFR, CIF, etc.), the section headings are for convenience only and shall not be interpreted in any way to limit or change the subject matter of the Agreement.

XXII.8 These General Terms and Conditions shall apply from the date of Seller's offer.

XXII.9 Except as otherwise expressly stated, nothing expressed or implied in the Agreement is intended to create any rights, interests, obligations or benefits under the Agreement in any person other than Buyer, Seller and their successors and permitted assigns.
